Hey i saw [u/gmetothemoon](#) had contact with [u/ratioatblessons](#)

His comment was awesome - still reading it. I saw the edit about ken griffth and thought to google some answers.

I found this https://en.m.wikipedia.org/wiki/Ken_Griffiths

This was not something I thought was relevant and then I remember the newly formed super league.... could it be related?

Further ken griffth died few days apart from his teammate and both weeks from the financial crisis in 2008...

It could be a coincidence and I know I sound like a tinfoilhat but I thought someone maybe could look into it? Maybe even ask if it is related if you had contact to [u/ratioatblessons](#)

Can you point me where this contact was? I fell into the rabbit hole tonight and am trying to find everything and save it all before I start reading everything
