## Blackstone Alternative/Citadel

Question

Do any apes have any RECENT information as to why the talks between Blackstone Alternative Acquisitions and Citadel broke down in 2019? Or can an ape point me to a ~~post~~ ANYWHERE?????

From what I have been able to gather thus far ole Kenny *suddenly* balked at some point during negotiations when Blackstone began a deeper dive and began to request eyes only access to an independent firm to look at some of Citadels books. 🧩

For the skills: Simply a question, this is not (completed)DD, not tin foil, and yes..can be connected back to the stock that I and others happen to like.

For Kenny: *10 years from now we apes'll still be on top / Yo, I thought I told you that we won't stop / Now what you gon' do with a 💎🦍 r/gme crew that got money much longer than yours / And a team much stronger than yours? / Violate me, this'll be your day, we don't play / Mess around, SEC be on your way"*

Holy smoke.org says they have a comprehensive investigation ongoing against the worlds largest private equity firm - Blackstone Alternative Solutions. Maybe [Liz.Hoffman@wsj.com](mailto:Liz.Hoffman@wsj.com) or @Rachel\_Levy can shed some light on it.

I'm following his cursive lines, I believe most of them are song lyrics. I'm ok with math and music, I'm trying to find a connection.

What to do if we solve the puzzle? Hide after going public?

By the by, Mo money mo problems.

There are a lot of lose ends right here, but I'm beginning to see a connection. I'll post a fluffy tomorrow with my findings.

I think a lot of people just stumbled on this, myself included. I don't know how this got so little visibility, glad I came here eventually

🚀 Buckle up 🚀

This isn't this deal but it looks like morgan has already been fined for violating REG SHO for an extended period of time.... <https://www.sec.gov/news/press-release/2020-238>
