🚀 Launch Launch 🚀 🚀 Launch Launch 🚀 🚀 Launch 3333221 Oh 🤔 🤖 🐼 🐼 we go..

If 🐼 were an 🐼 This that category 5 when I walk up in the strip club Throw it high, make you and George Washington head butt OG's never fed us, now YOUNG APES FED UP, Ballin' so hard I deserve a and one

Hidin' tendies by the lots now are ye Kenny? What'd you think that I wouldn't 🧐 find out? Really Kenny? Guess hitting the 🏃 with Heath paid off. (Who knew?!! Lol wait 🤔 even 🤔 early so that I can be there when the 📄 on the 5th.) Got off to a great start on the first few holes, but found it tough to recover from that triple bogey..if it's not losing your balls in the 🐍 infested roughs 🍀, it's the 🧊 melting in the 🍷, amirite?

SMH..To say the least, the more that I 🧐 the more that I'm glad that I'm not your partner...🤔 or the fraud that he calls his. I can 🧘 anywhere now that I know things are more than just fines now. Funny how the approach changes the more that those swings turn into misses. Is it me or did those skins really start to add to up on the back 0.000000009 🚩 Kenny?

NDA 🤔 or 🤔 not 🤔 Cuma sum laude thoughts NotFashionAdvice sure..I'm more of a pink 🐘 printed slacker, red 🧢, Hello 🐼 Vans wearing type of ape. Of all of the bad 🐼 iCloud..err..I could try on in the 🐼 ..I'd hate to have to remember the first time seeing myself in an orange jumpsuit was not a meme.

What's that boomer saying of yours about the dumb money? Oh that's right..

•Ones nightmare, another's dream. •

Judging by the bags under your eyes..The combination of certain companies always pushed on the app by Vlad. Here. Plus Jimmy boy chirping while they slide staggered and sprinkled on the bottom banner through the week. There. Was just another wrinkle.

As long Ewell had a seat all was easy peazy...wash, rinse, and repeat...all across the Great State especially those Deep In The Heart. 59 times in around Alright, alright, alright.

All good until some Van Dyne went full Crazy ExGirlfriend on a Wallach. Things since '12 just haven't been saved the same since.

61727054 says that it's a good thing you keep the lights on and the ink stacked between Vesey and Broadway because you're getting closeclose to needing the full compliment of services sooner than you think. — Anyway..shill me, FUD you. Threaten another ape and the \$15.5m floor will raise. Tick-Tock because apes are getting closer. If you haven't figured it out now that you've had a peek in my closets..even the skeleton 🦴's in my closet have on 🤖 🚀.

The inconceivable Becomes achievable It's unbelievable What you can do When that funny feeling touches you

Before I go..Kens Remember when you were asked if you'd ever seen the ripple effect of diarrhea shits from a 🐼 sink a 🚢? Keep your eyes wide on Monday and I promise a glittery glitching glimpse.

This dude for sure has been burnt by Kenny g or his gang in the past. There was another post that was cryptic the other week about Kenny g opening up data center in Austin Texas This dude is dropping hints that we can't understand but it's directly targeting someone.... someone who knows what's up... I can't figure out what the apes are getting close to though That other cryptic message said that too.

CHMI is a RMBS trading company 100% owned by Citadel. And it seem they specialize in prime jumbo loans too.

So they may play a role in the real estate that Citadel has/is acquiring in Texas?

Also, wtf is the deal with Redfearn? Why was he a panelist on the '09 SEC meeting about Short Sell Prices and Circuit Breakers right after being at Bear Stearn? And now from a 3 year term at the SEC to Coinbase???

Also, the Heritage District, llc developement of Irving, tx with Delbert McDougal are highly suspect with millions funnelled to the devleoper (in monthly fees) and grants obtained to offset their payment. Irving divorced Heritage District, llc in 2012 and the irving city Senior Attorney requested the details to be private and not public, in a letter to Greg Abbott feb 7, 2012. Which was denied.

Texas is a hot, sucky place to live. Ive been wondering why all these forbes companies are all of a sudden relocating here.. its certainly not for the scenery, ocean views or way of life. Nothing but big oil, corrupt politicians, old university money and land. And for some reason we keep speaking of seceding ... is Kenny buying land, bringing in big business just to secede?

[permalink](#) [reddit](#) [ceddit](#)

[–] LWKD 3 points 2 months ago

Don't look too far, imho. Second para mentions UT again. The rest seems to be in italic because it represents lyrics? Loved you earlier summarizing conclusion.

Just now I am tingling with anticipation of further news on the UT and the real estate part of this story. Just so my tinfoil hat will become fashionable.

The rest? Not so much, because of the market wide consequences.

Kenny Ewell Marchant

[permalink](#) [reddit](#) [ceddit](#)

[–] [DamerisofJuarez](#) 8 points 2 months ago

Former Rep of Texas 24th District. Meet Kenny! Appears that Kenny Marchant was one of the wealthiest members of Congress, assets, source? He also served on the Committee on Financial Services during the 111th and 110th Congress, so 4 years. No doubt he has ties to many in Texas, both government and business.

"As long Ewell had a seat all was easy peazy...wash, rinse, and repeat...all across the Great State especially those Deep In The Heart. 59 times in around Alright, alright, alright."

59 times could reference FINRA's regulatory events of Citadel Securities LLC? Pure speculation, but Kenny could have been involved in some way with some of those FINRA regulatory events from 2007 - 2011?

Not sure about the Alright, alright, alright reference. But that's definitely Matthew McConaughey, Dazed and Confused.
