It's a TRAP

Shitpost

RH just laid options bait. If you received the notification. DO NOT fall for it.

The request for that ability to trade went ignored for far too long. Nope. If you don't know what you're doing and how to use this...tool. For the sake of your own sanity DO NOT expose your GME tendies..risk anything else.

Interesting Vlad that just about anytime you've been in front of a camera or on mic you've expressed concern for retail traders diving into the options world. Remember that you were looking out for us? Trying to protect us from ourselves in this big bad market. The little guy. 'Member? You 'Member.

Now you open a gate that will lead straight off a cliff. Nope. Not today.

But what do I know..I'm obviously not a fincial advisor and just tinfoil my way through the day. Proof: I just now discovered that if you eat enough pistachio crayons and drink enough milk you can paint the inside of your toilet mint chocolate.

Because I want Vlads tendies. I don't like the company either. But when I leave RH I want my exit to echo.
