Shitpost

(self.Superstonk)

submitted 2 months ago by RatioAtBlessons to /r/Superstonk

Talking that shit with your back to me, just know it always get back to me.

It was all fun and games until an 🐼 peeled out in your Kharma..wasn't it Xenny? Gotcha little mad or big mad? Xenny, Xenny

While you were at the Four Seasons with your best ends best friends. I was spending Annie's ends while she was gettin' spit roasted at the 🔥 outside Weston. *I fucked and left, I hope it ain't no hard feelings (Nah) Was broke as fuck, that's how I started bonds flippin' (washed ups) Get some millions, it'll make a ape love livin'*

So once again there's only all these 🐼 & whales determined (to uncover the fraud 'n crimes by), huh, and (here) I thought you (Xenny) were ready to (💩 🍑) give it up.

🐼 it gon' 🐛 too funny when those 🌱 behind 145 N Dearborn St begin to bloom. Huh. Sure would hate to be the neighbors when that capon comes home to roost. Not Etiquette Advice...but the next time that you're having dinner with Kelly, you should really consider not biting off more of the stake than you can chew. Especially not before you're supposed to met with Evans. As you know..he's incredibly .jərmə'fōbik. Wanted me to remind you 360.4 left until you Hanover another of 🍷 🍌 🍌.

FYI..Seams those WALEs down under aren't too pleased to pieces about the sudden interest in pips...get that fixed before another NFT flicks. Need you be reminded whose wrist will be the first they secure to the bench.

Hurry up it's only a matter of time before this all goes from 🐼 on r/SuperStonk to Katie Porter & her white board, if you catch my sent...

Kelly = Kelly Brennan head of ETF securities at Citadel and Evans is perhaps Will Evans. COO Commodities?

<https://www.citadelsecurities.com/leadership/kelly-brennan/>

<https://www.linkedin.com/in/will-evans-47199a26/>

Dunno what happened at 145 N Dearborn St but there's a hotel there (The Dearborn) - I guess where KenG and Kelly had dinner and talked plans regarding ETF shorting?

She's also well known for using a white board to demonstrate things. LA Times posted a Youtube video about her last month and called it her "Whiteboard of Justice." I think OP might be saying they sent her some of the info on GME or someone else has?

[permalink](#) [reddit](#) [ceddit](#)

[–] [rightypants \(deleted by user\)](#) 16 points 2 months ago

She literally shreds the dignity of whoever her target is with her whiteboard. It's pretty amazing to watch. I do think it's a little odd white board is two separate words though...

Uhhhh. Am I doing this right? I initially misread your title as RIP MDMA and started looking into Alexander Shulgin. *That can't be it*

RIP MDMIA, however, brings up a bunch of bizarre SEC [filings](#) for JP Morgan though. One of them seems to trace JPM back to Chemical Bank, which was huge on mortgages and loans... 🤔

[-] [RatioAtBlessons](#) 15 points 2 months ago

[permalink](#) [reddit](#) [ceddit](#)

[-] [steelandquill](#) 23 points 2 months ago

Ok, further down the hole I go. Pulling the thread:

History: Chemical Bank played a big part in creating the modern government-backed US dollar once they got their bank charter in 1865 with the help of the Treasury. Notably, they also pioneered the ATM (money go brrr?), right after they bought *Hanover* (I've seen this name in one of your previous posts, OP)

The key thing I'm seeing is that the arm of JPMC that used to be Chemical/Chase dealt in, and still deals in leveraged loans of all kinds. Mortgages, collateral loans, leveraged buyouts, and Walter Shipley was at the center of it all until JPM bought them. Who also bought Bear Stearns. And...oh fuck. That's what that's about.

JPMC was [backing](#) [61727-054](#), and is now the US's largest financial institution, hiding something BIG after a streak of purchasing banks on the brink of bust.

The link seems to be that [Citadel Securities Europe](#) is a systemic internaliser for JPMC's Prime Broker role.

Elsewhere, there's a hint of Citadel getting deep [into](#) [CLOs](#) to the tune of billions, but the site has since been scrubbed.

Is any of this significant? 🧐

The timing of this news in the middle of the COVID-19 pandemic is not what I had expected or wanted. " just as UT was about to receive a disproportionate amount of the Cares Act ... so i rembr reading.

Ends -> possibly in reference to End Financing?

There's been some pretty clear indication that real estate is relevant to the saga.

I also remember from another thread that land is being purchased cheaply for HUD housing (I could be misremembering so I'll have to come back to this)

Here's some relevant links: https://www.investopedia.com/terms/e/end_loan.asp

Went down this rabbit hole , All I get is someone did something really illegal, got recorded and evidence is out there.

145 N Dearborn St north facing front so behind it there is an amc

"those 🌱 behind 145 N Dearborn St begin to bloom" might mean when amc starts to bloom Then its not gonna be funny any more.

For all I know prob someone pissed of the wrong person at an AMC and now is paying for the consequences.

Somewhat like puzzles, I'm a bit late for this , and its late, I'll try again tomorrow. Not drunk , not high , just tired.

​

Good night all, stay safe.
